COAL OR COKE Is a true purifier of the human blood. It is evidently destined to take its rank in the Pharmacopoeia as the most powerful alterative known to modern therapeutics. In every form of mercurial and constitutional blood complaint it stands without a compeer rapidly curing ulcers, pustules, carbuncles, salt-rhe am, and the eighty-eight different varieties of skin affections. It is a positive cure for cancer and scrofula. Its purifying and tonic properties exercise the most healthful influence in every known malady. It is harmless to an infant, and can never be used amiss. Under the influence of this medicine the eye grows clear and sparkling—the complexion becomes like pearl: unsightly blotches, worms in the flosh, pimples, rashes and roughness of the skin disappear, and the entire human organization grows redolent with health. For sale by HENRY ARMSTRONG, at University Medicine Depot, 17 Indiana ave. Sold by druggists.
